

Dear [redacted]

Konnichwa! I hope that you are fine. It has been a long time I haven't get in touch with you. I am really happy and fine while enjoying my school life.

About my studies, some subjects are some kind of difficult but I am trying to get hold of them. My favourite subjects are Biology, Chemistry and Physics. Not only that but in games I really enjoy playing football and chatting with my friends.

Also I haven't yet changed my dreams of becoming a Childrens Doctor. I promise you that I will work hard for my future and I won't let you down

I really appreciate your kind support in my education at Sakura Girls Secondary school. Your support is very essential in archieving my dreams.

★ lastly I am really much proud of you also I would like to see you one day visiting Tanzania especially Sakura Girls Secondary School. Arigatou Gozaimasu

Love

Sandra Dieter
