

How are you since 27th of May I hope your fine and you had a safe journey back to Tokyo.

Is your family and business doing well?

I am also doing well, my teachers and my fellow students are doing well too

I am just saying thank you for your present you gave me because I enjoyed them and the cookies were so delicious I felt very happy when I received the presents

The last thing is just asking you about you what do you prefer most in your business, which season of the year do you like?

Warm Regards

Tracy
