

Dear

Its a blessing believing that you are
doing quite well both physically and mentally.
Don't worry nor doubt about me, because am
also doing great. And to the part of my
academics am also progressing very well.
My pleasure for this writing is to thank
you for each and every thing that you
have been putting all your efforts to accom-
plish them for me. I really do appreciate
it. Sincerely am saying thanks alot for each
and every thing. Also I give you my word
that I will never get tired of thanking
you and I won't let you down. And
as for my gratitude, am keeping on praying
for you to our almighty God to keep
on blessing you and giving you the
kindest heart and long life forever. And
whatever you do will always prosper.

Yours,

Karen Robert.
