

Dear

How are you! I hope that you are fine together with your family. My family and I we are also fine.

The purpose of writing this letter is to show my appreciation by thanking you for your kind support. Your support makes my life better because am getting better education and am enjoying life and everything is going well. And through this education I will work hard in order to reach my dream job of being a doctor also my favourite subjects that I like and struggle for them mostly are Biology, Mathematics, Chemistry, Physics and Geography

I am saying thank you for everything that your doing for me. Am praying for you to God to have a long Lasting and happy life

Your lovely daughter
